Title	Subject Code	Credit	CRN	Start Date	End Date	Last Day to Register	Drop Date Refund	Withdraw Date W Grade	Fees	Description
Artificial Intelligence	ITM1050	3	52145	14-May-24	2-Jul-24	09-Aug-24	28-May-24	15-Jun-24	Domestic: \$431.86 Senior Rate (65+): \$299.98 International: \$1269.76	This course explores the idea of artificial intelligence (A.I.) from three different perspectives: scientific, philosophical, and cultural. The scientific perspective provides insight as to how artificial intelligence technologies work, the current limitations, and supposed future potential. The philosophical perspective explores whether A.I. is good or bad, essential or dangerous, and what the future could hold. The cultural angle examines how society views A.I. and whether these views are accurate. Toward the end of the course deeper topics will be introduced including how A.I. compares to human intelligence, the singularity, and futurism. Prerequisites: None

Mental Health and Society	HEA1170	3	52104	14-May-24	20-Aug-24	28-May-24	28-May-24	18-Jul-24	Domestic: \$431.86 Senior Rate (65+): \$299.98 International: \$1269.76	This course focuses on a multi-disciplinary examination of the ways in which mental health and addiction are viewed by society and how these perceptions influence society's response to the practical and socio-political aspects of mental illness. Examine personal attitudes, societal myths, and stereotypes related to mental illness and addiction. Students will critically reflect upon how their personal orientations and resulting behaviours about mental illness, addiction, and wellness impact their cultural, societal, and political beliefs. Learn firsthand from those with mental illness, evaluate the effects of mental illness in special populations including Indigenous people and the elderly, and apply this knowledge through health simulation activities. Lastly, explore ways that those affected by mental illness and addiction construct and assess themselves. Drawing on literature, arts, politics, media, medicine, and the social sciences, students will critically examine mental illness and addiction as a social construct and contrast and compare assumptions of agency, normalcy, treatment, and recovery.

The course will include myths, narratives, images, and other forms of representation from a variety of Western European national and religious traditions. Topics may include the study of kings, warriors, saints, knights, mystics, mythological heroes, and exotic beasts such as dragons. It will also include examinations of medieval-themed material in modern popular culture, including fictional writing, movies, video games, businesses and historic sites, both online and offline. No prior knowledge of medieval studies is required. Prerequisites: None
Music in our Lives	MUS1018	3	52166	14-May-24	20-Aug-24	09-Aug-24	28-May-24	18-Jul-24	Domestic: \$431.86 Senior Rate (65+): \$299.98 International: \$1269.76	This course examines the importance and the fundamentals of music through its individual and global connections. The study of the historical and socio-cultural development of popular music creates a context for an exploration of current issues in the world of music. Prerequisites: None

Oceanography	OCE1000	3	51938	14-May-24	20-Aug-24	10-Jun-24	16-Jul-24	18-Jul-24	Domestic: \$431.86 Senior Rate (65+): \$299.98 International: \$1269.76	The world's oceans are spectacular in their beauty, majestic in their power and domineering in terms of their effects on climate. Oceans are a source of bountiful food and are home to tremendous numbers and varieties of species. It is very important to possess a good understanding of how the ocean's work. Our future as a species depends upon the oceans that surround each and every continent. This course examines the oceans from an historical, geographical, geological and biological perspective. The course makes use of an excellent textbook that guides us through the 'story of the oceans'. Each week, the student will explore a different topic. In order, these topics are: history of oceanography, ocean waters, the productivity of the oceans, seafloor sediments, Plankton and Nekton, ocean currents, waves, tides and the Benthos. Prerequisites: None
Personal Finance	FIN1009	3	52052	3-Jun-24	9-Sep-24	28-May-24	28-May-24	07-Aug-24	Domestic: \$431.86 Senior Rate (65+): \$299.98 International: \$1269.76	This course introduces students to the factors that influence personal and societal finances. Through an understanding of basic principles, vocabulary and concepts, students adjust to changing situations by recognizing the ways that new practices or trends affect personal finance. Students recognize and understand personal

										location and style; the development of a global beer; and the current craft beer revolution. Prerequisites: None
The History of Chocolate	HST0102	3	52265	14-May-24	20-Aug-24	28-May-24	28-May-24	18-Jul-24	Domestic: \$431.86 Senior Rate (65+): \$299.98 International: \$1269.76	Students survey the 4000-year-old history of chocolate: from its ancient Mesoamerican origins as a bitter drink of ritual and medicine, to the growth of a modern “chocolate culture” and its place as a mass-produced globalized product of the twentieth century. Students investigate how chocolate came to be imported into Europe by the Spanish during the sixteenth century and transformed into a sugary drink of the nobility, as well as its later importance to colonization, the slave trade and the Industrial Revolution. Students explore, through six module videos with integrated reading assignments, podcasts and other media, current academic research on the topic and encounter a wide range of primary sources including art, literature and the economic and administrative documents of daily life. Students also have the opportunity to analyse several primary sources (historical documents, paintings, photographs and maps) relevant to the study of chocolate’s cultural history. Prerequisites: None
